

JESSE'S PLEA FOR PLATTE

We need your help!

I've been getting emails from folks who have been out to the park lately, and it sounds like the trails could use some love. Excessive winds and rain have brought down tree branches and sparked weed growth since the Battle Royale. Horses have somehow trampled deep into precious single-track which will be brought up to park officials after I photograph the damage.

Here's the Plan:
Saturday, June 9th
Meet @ 9am
Wild Turkey Parking Lot
Work on trails 'till Noon

What to bring:
Weed Whackers/Gas
Gloves
Water
Bug Spray
Money for Buffalo Burgers @ the Lodge

(We need at least 1 chainsaw)

Please spread the word - and that word is

Bacon.

Jesse
